

AFHU Pooled Endowment Fund 2013 Annual Report

December 31, 2013

2013

Kenneth L. Stein
Chairman
AFHU Investment Committee

Dear Friend,

I am pleased to provide you with the December 31, 2013 Annual Report for AFHU's Pooled Endowment Fund (PEF).

Your Investment Committee manages and provides oversight for the PEF consistent with the guidelines provided by AFHU's Board of Directors. As part of our responsibilities, we periodically review the PEF's performance and reallocate its assets. For the year ended December 31, 2013, the PEF had a return of 16.2% compared to 14% for the calendar year ended December 31, 2012; the PEF's assets totaled \$469,000,000.

AFHU's Board of Directors approved a spending rate of 4.5% for the fiscal year beginning October 1, 2013, reduced from the 5.5% spending rate for the prior comparable period.

Thank you very much for your continued interest and support of the American Friends of The Hebrew University.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kenneth L. Stein". The signature is stylized and cursive.

Kenneth L. Stein
Chairman, AFHU Investment Committee

ENDOWMENT OBJECTIVE

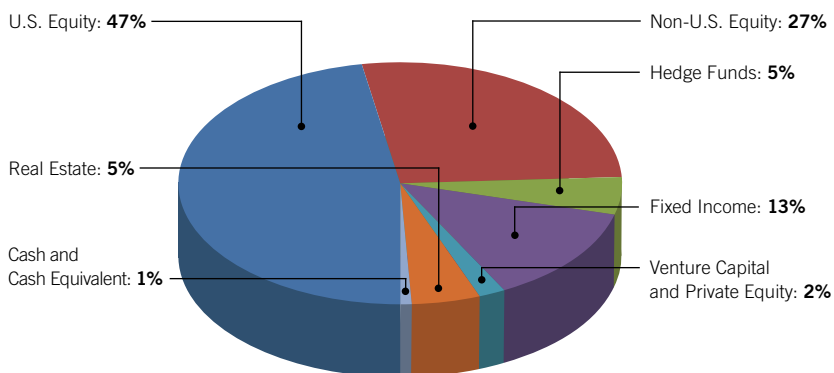

The objective of the Pooled Endowment Fund is to provide a consistent flow of funds to The Hebrew University of Jerusalem for programs and projects that have been endowed by donors and approved by AFHU.

Similar to most university endowments, AFHU has established a spend rule as the basis for transmitting funds to The Hebrew University. Unless an endowment agreement specifies otherwise, we calculate the spend rate on a three year rolling average of market values. In this manner we seek to insure a consistent flow of funds to The Hebrew University in accordance with our donors' intentions.

FUND PROFILE

AFHU has a diversified portfolio of investments. As of December 31, 2013, the allocation of funds by asset class was as follows:

Asset Allocation as of December 31, 2013

Custodian

- Northern Trust Company

General Information

The PEF consists of 1,700 separate endowment funds, the assets of which are pooled so as to permit their collective management and administration. Pooling also facilitates diversification in the investment of assets. There is, however, no assurance that pooling will result in increased investment results. Each fund in the pool has a separate account, holds shares in the pool, and receives distributions of income and gains or losses in accordance with its proportionate interest. Appropriate records are maintained to determine the interest of each fund in the pool.

Exemption

AFHU's pooled endowment funds are exempt from registration under the Investment Company Act of 1940 and interests in such funds are exempt from registration under the Securities Act of 1933 and the Securities Exchange Act of 1934.

Investment Policy

The AFHU Board of Directors has approved the following policies for the pooled endowment funds:

- **Asset Allocation**

The Investment Committee, at its discretion, may diversify the portfolio subject to overall allocation guidelines.

Both the equity and the fixed income allocations may be invested in domestic and international securities.

- **Spending Rate**

Unless otherwise provided by an individual donor in the governing agreement, AFHU annually approves for transmission an amount determined by the Board of Directors. For fiscal year 2014 the Board approved a spending rate of 4½%. In fiscal year 2013, as a result of cutbacks in funding by the government of Israel, the AFHU Board of Directors increased the 4½% spend rate by an additional 1%. AFHU uses a rolling average computation predicated on the average market value of the portfolio for the immediately preceding three fiscal years.

- **Cost of Administration**

AFHU assesses a charge of .75% against all endowments in the pooled endowment fund representing the expenditures associated with the management and stewardship of the endowments. The increase from .45% to .75% was implemented April 1, 2013.
